

# Kiwanis Honors Cloverly Elementary School Students

## Giselle Garcia, Ethan Deng, and Thomas Chan

### February 25, 2020

The Kiwanis Club of Temple City recognized three outstanding students from Cloverly Elementary School. Accompanying the students was Cloverly teacher, Mr. Allen Wong.

**Giselle** 12 years old and in Mr. Wong's class. She enjoys reading, singing, and acting. Giselle said, "the best things about Cloverly are being able to ask questions, the Spirit Rallies, Lunch on the Lawn, and the great teachers and staff". The best thing that ever happened was going to Mexico and visiting family. If she could change one thing, it would be all the pollution in the world. If she could build one thing it would be a machine that could turn bad gases into fresh air. Personal goals are to continue getting good grades, to contribute to the less fortunate, and to always be nice and kind.

**Ethan** 11 years old and in Mr. Wong's class. He has a brother and sister, enjoys coding, gaming, helping family, hanging out with friends, riding his bike, and going to the Library. Ethan said, "the best things about Cloverly are having nice friends, the usable computers, and the good teachers that help me learn". The best thing that ever happened was coming to America with his family. If he could change one thing, it would be to have his parents less tired from work. If he could build one thing it would be a robot building and coding foundation to help those who need it. Personal goals are to get better at coding and gaming, save enough money to donate to the Temple City Library, and help society more.

**Thomas** 11 years old and in Ms. Galvan's class. He enjoys soccer, reading, art, and science theory. Thomas said, "the best things about Cloverly are the kind staff and teachers, the amount of resources available to use, and the good education we receive". The best thing that ever happened was going to China for the first time. If he could change one thing, it would be to end all the drama and chaos that has happened in 2020. If he could build one thing it would be a A.I. that has the ability to think and understand when you ask for help or advice. Personal goals are to get good grades, gain more friends, and manage his time better.

Each week the Temple City Kiwanis Club is pleased to recognize outstanding students and their teachers from Cloverly, Emperor, Longden, Oak Avenue, Temple City High School, and the Dr. Doug Sears Learning Center. Kiwanis treats students and their teacher to lunch. Students receive a certificate, a letter for their parents, a bumper sticker, a gift certificate for North Woods Inn for \$10, and a photograph of them receiving their award. Their photo and story will be posted on the Temple City Unified School District website and on their Facebook page.
